6-Wheeler Vege 10.0T Max load		\$400				

The \$10/Ton Waste Disposal Levy fee collected by 'managed' and 'controlled' landfill operators is included in the above rates. Vehicle weight checked on weighbridge - any over-weight is charged at a pro-rata per ton rate. Natural clean fill must be from non-contaminated sites for Natural Clean Fill rates to apply. Management has final say on product definition.

Important:: Auckland Quarry cannot accept: general refuse, tyres, plastic, glass, materials with hydrocarbons, liquid waste, combustible, putrescible, degradable or leachable components, hazardous waste or materials associated with hazardous waste treatment/stabilisation/disposal practices, medical or veterinary waste, asbestos or radioactive substances or contaminants harmful to human or animal health.

- Please complete our waste declaration form before tipping your material.
- Brick loads will be charged as unsuitable concrete
- Concrete loads containing any dirt, timber or plastic will be charged as unsuitable
